# ACTION DAY MARCH 15TH 2025

## MY WORKPLACE. OUR INDUSTRY. OUR FUTURE.

**It can't go on like this:** the economy is weakening and companies can't think of anything better to do than the usual cutbacks. In addition, politicians are failing to support industry and stimulate the economy with investment.

**Secure jobs:** That's why we're taking to the streets nationwide on 15 March! It needs you and your family. Show your face so that the voice of employees is heard.

**Our demands:** Employers must commit to our locations. An end to job cuts, site closures and relocations! The new federal government must act quickly and decisively, improve conditions for industry and guarantee social security in times of change.

**Saturday March 15th 2025**

**11:55 am to 2:00 pm

**This is not just about returns - it is about the people in this country. It's about our jobs, our families, our future. Be there and get involved!**
